Karen Lundy

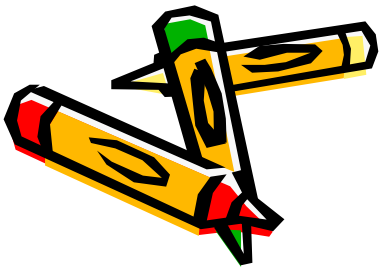

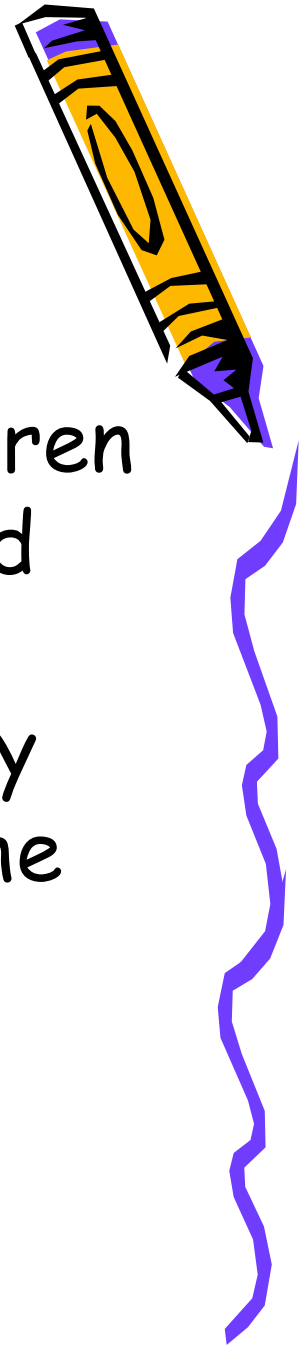

The Reason

The idea of the Homework Assistance Program arose from a parental/guardian need to ensure that children have sufficient supervision and assistance while completing their homework assignments.

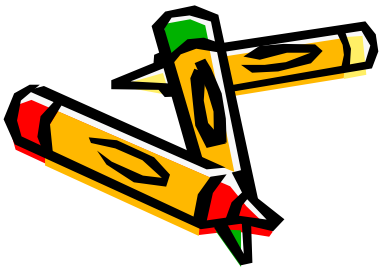

The Definition

Homework Assistance-aiding children with assignments they are required to complete outside of class which reinforce skills/concepts taught by the classroom teacher(s) during the regular school day.

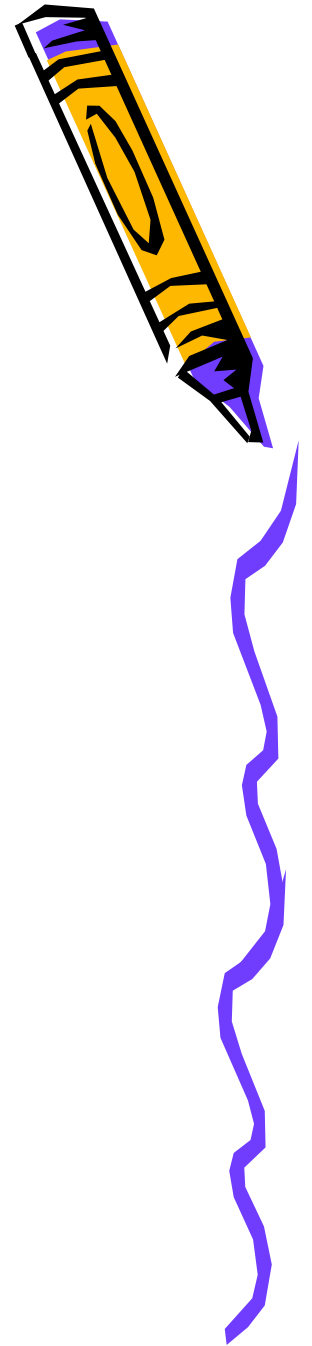

The Goal

G-to develop an academic enhancement program with a foundation in character development which will incorporate the use of technology to virtually connect and access information to facilitate a global education program. This program will also include mandatory parental involvement and regularly scheduled family activities.

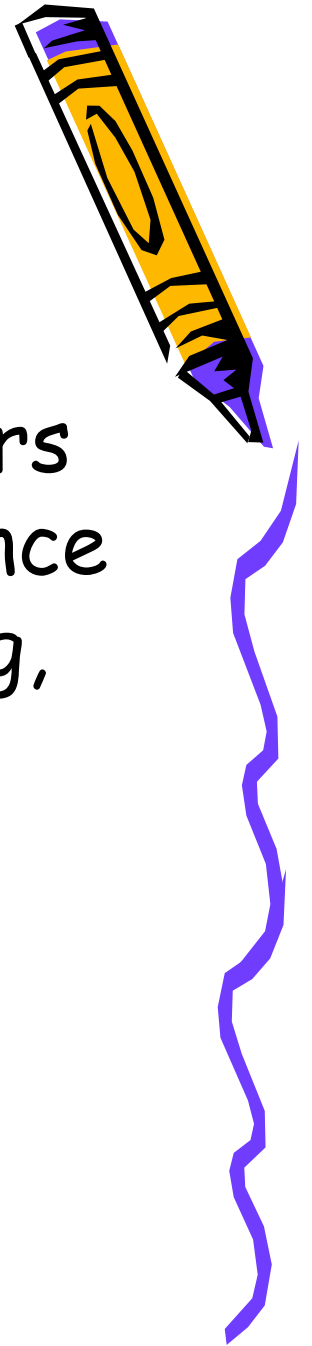

The Objective

O-to pilot the Homework Assistance Program in the offices of ICB and/or a local library with a select group of students from neighboring Miami-Dade public schools.

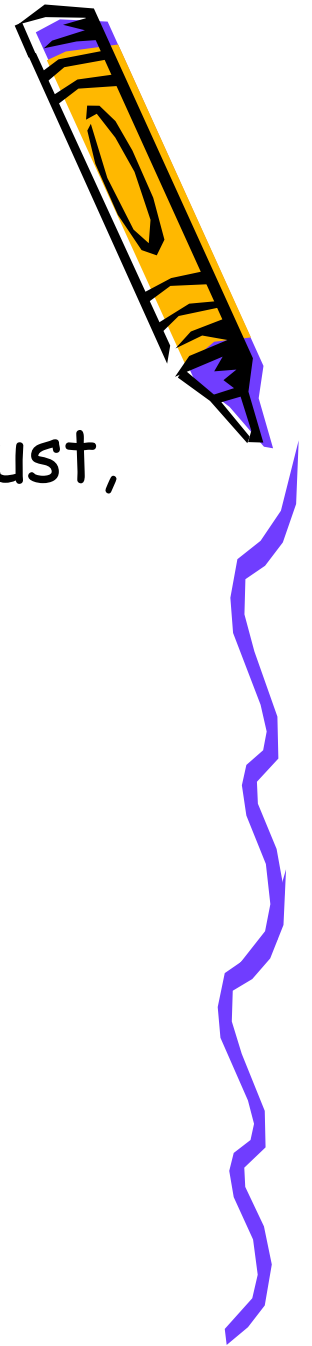

The Method

M- Three days a week (M-W), 2 hours per day provide homework assistance to students in the areas of reading, language arts, mathematics and character education.

The **A**ttitude

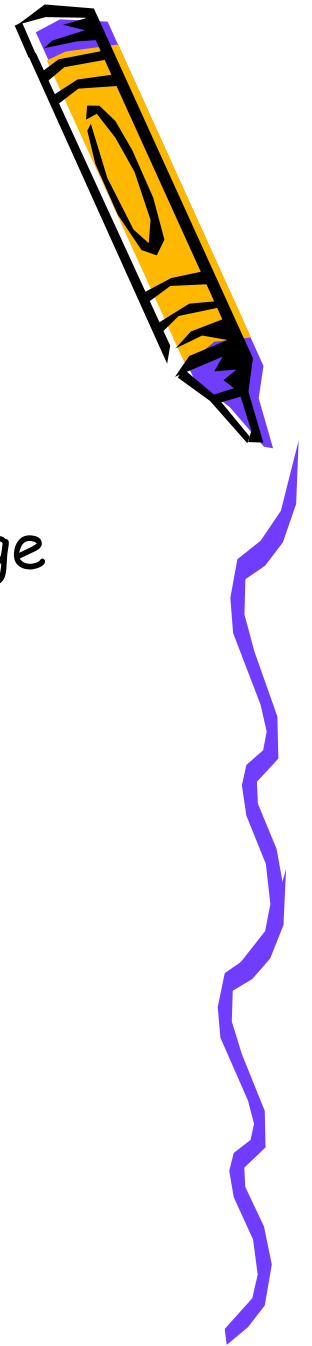

A-caring, sharing, loving (mentorship), trust,
honor and respect.

Expected Outcomes

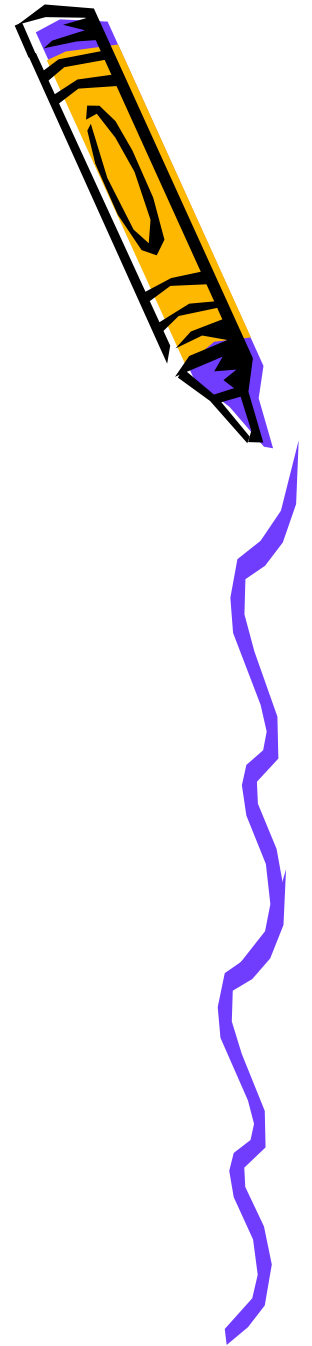

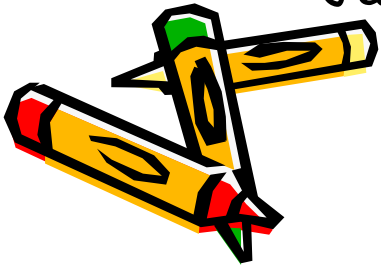

Students are expected to develop:

- and improve academic skills in reading, language arts, mathematics and technology
- confidence in completing required academic challenges independently
- positive attitudes toward their education
- positive relationship building skills
- to access information via technology

The Initial Phase

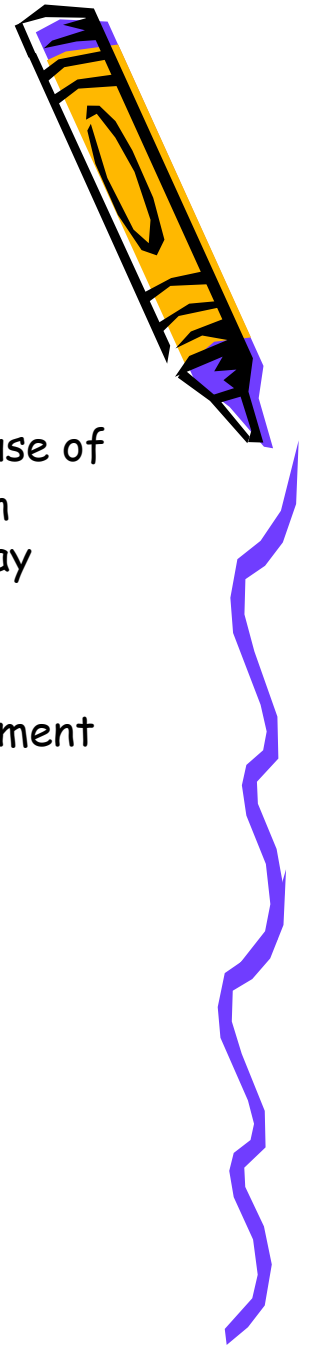

- Program Site
 - The Office of ICB in Miami Shores, FL
 - Local Library
- The Staff
 - Dexter Hunt
 - Eneka Ferguson
 - Arnold Veira
- The Participants
 - Nehki Ferguson
 - Christian Hunt
 - Amani Hunt
 - Jasyon Harvey
- The Cost
 - TBD

The Opportunity

G-to develop an academic assistance program that incorporates the use of technology to develop a global education program with a foundation in character education, that will also include a regular family activity day component.

The Homework Assistance Program is the initial phase in the development of the **Global Academic Enhancement & Technology Program**.

Additional Components

- Additionally, this venture would include a component that includes the families of the children it services. There will be monthly family activities scheduled throughout the year. These activities would help build the relationship of the family unit by promoting an inclusive attitude, providing multicultural experiences and appreciation, mentorship and conflict resolution skills for all family members.
- Develop partnerships with community resources, i.e. public libraries, parks, museums and civic organizations.
