

For They Watch for Your Souls

We are in period of time (the ascension ministry) characterized by increased instances of signs, wonders, and miracles. The resulting testimonies are a memorial unto all of creation showing how The Church is assuming its role as shepherd unto the masses, leading in the ways of Christ. Dr. Hunt has called us to seek his spirit to know which occurrences should be captured in writing. As we do this, it is important to honor the order that God has ordained to ensure that testimonies that reach the masses contain only the content God intends for the body to receive. It is not enough for 99% of a testimony to be glorious – we are compelled to please God in all of our ways. Just as the most recent love message detailing Dr. Hunt's patience, watchfulness, and obedience showed that he perfectly pleased the Father in declining to move before the Father bid him, we must do likewise.

God has given us pastors to watch for us (for our souls). See Hebrews 13:17. Therefore, should the Lord show you to share your written testimony with the masses (including emails and communications to the leadership assembly), you should seek the counsel and agreement of your pastor. Proverbs 11:14 tells us "Where no counsel is, the people fall: but in the multitude of counsellors there is safety." Your pastor, by Grace, will review your submission and provide feedback, correction, and blessing. Once your pastor is in agreement, then the matter may be submitted for mass distribution.

This is the wisdom of God to allow us all to remain under our covering so that we are not exposed to the influences of evil.
