

The Established Memorial of the Christ of God

It's been established and testified that the Christ of God has overcome the world, the flesh, the devil and death; but the devil being an unbeliever uses his influences to try to disprove this memorial work. It's been shown that the Lord's Christ is to the whole earth what Lot was to Sodom and Gomorrah. Just as the Lord God would not destroy Sodom and Gomorrah as long as Lot dwelled there, so it is with the Lord God not destroying the earth as long as His Christ dwells here—even by way of the memorial the Lord has established. Historians have predicted that global warming would destroy the earth, but the Christ of God has stayed the effects of the natural law of anointing and ushered in The New Day Ministry, which is characterized by signs, wonders, miracles, and much mercy. The prolonged testing undergone by Dr. Hunt has evidenced sustainability, God's grace to preserve. Unlike those who are seen as great men who have left memorials of their greatness for the world to see, the memorial of God's Christ exceeds them all evidenced by the written work (The Ellison Model) and lived experience (Dr. Hunt's life as a demonstration of The Ellison Model). These two (the written and lived experience) are perfectly joined together, the wisdom and power of God, and the fact that there is no separation between them demonstrates the full testimony of overcoming all enemies. Dr. Hunt's victory over his test is a two-fold work that can be seen first as the written or spoken Word of God and second as the animation or carrying out the spoken or written Word. John 14:12 says, "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father". How can these greater works be? By way of the Holy Ghost, the spiritual sons which Dr. Hunt has raised. As his body, which is an extension of the head we are the animation of the Word of Lord. The root of the body's spiritual work is found in the established work of the head, Dr. Hunt. Dr. Hunt's works have been tried by fire. They have withstood. His works are regarded as the

Cadillac Ministry and they are evidenced by the gold Cadillac he now drives.

Dr. Hunt's body experienced weight loss which he recognized as a work of the spirit. Even as the weight seemingly disappeared overnight from the physical frame of Dr. Hunt, it was demonstrative of what the Lord was doing with the Church--reducing weight by taking away the sin of the Church. The Lord showed that following the weight loss, He would bring back weight to Dr. Hunt's body, and in bringing back the weight, this would show forth the more glorious weight of the Spirit just like the Cadillac shows forth glory. The enemy heard the word of weight gain and brought weight to Dr. Hunt before it was time, which disfigured the body of the servant of the Lord. This revelation was given unto the Christ of God on this day.

The enemy was trying to pass off the weight gain he was allowed to bring Dr. Hunt's body for the Cadillac or glorious weight gain of the Lord. This was less than the Cadillac or perfection of God. The enemy was trying to get the Christ of God to agree or accept that this weight was the weight of the Holy Ghost. If Dr. Hunt were to accept this counterfeit, then that which God has testified concerning His Christ would have been nullified and would show the Christ of God to not be who God has proclaimed him to be because there would have been agreement with a word that was contrary to God's.

The enemy used his influences to try to deceive the Christ of God and trap the body into something that was unlike The Lord, but the Lord raised up three doctors to bring Dr. Hunt's weight to where it should be (Ozzie, Lillian, and Aida). The swelling of his feet was a reflection of what was going on in the body, the Church. Some of the people of God were not completely in alignment with what God has called us to do, and were not in full agreement with the Lord. In order to come into full alignment with the Spirit, the body has been called to be faithful in giving, being, and doing. This includes: giving our hearts to God and giving to carnal things as God requires (to ICB and other

ministries); being at the park ministry, outreach ministries, and other ministries as called by God; and doing our team teachings and reading the Love Messages. The Lord used this time as the Water's Edge Ministry for His doctors that they might sit with the Lord to understand more perfectly that which they received to bring about healing to correct the body; thus learning more perfectly how to be pastors' wives. No oil or healing balm could be applied unto the servant of the Lord until there was agreement among His doctors. God showed what was to be done, but in the process, the enemy sought to bring the Christ of God back under the law by trying to get him and his doctors to adhere to outward ritualistic acts. The Lord showed that the focus was not on religiously following a prescribed process, but the focus was on being led by the Spirit at all times. Only then can the wisdom of God be opened up to the people of God. The Lord reminded His doctors that He has called for notes to be written concerning the Water's Edge Ministry. These notes would be used to further teach the people of God that the deeper things of God might be revealed unto us.

On the third occasion of the Water's Edge Ministry of washing the feet of the Lord's Christ, it was shown that this was the fulfillment of the witness that The Lord showed. His doctors beheld the sign of his feet going down and The Lord showed this was the last time they would wash his feet because the witness was established. The righteousness of the Lord's doctors was able to burn up the weight gain of the enemy. The Lord showed that if you get it right by way of the feet, then you will get it right by way of the rest of the body. Because the sisters/doctors were obedient to the Word of the Lord, the work of the enemy was burned up, and the sisters and all who have eyes to see, are able to behold the burning up of that work, the weight loss in the feet. In making His Christ, the Lord gave the enemy a shot to try to get the Christ of God to accept something less than what the Lord has spoken.

Luke 4:23 reads:

And he said unto them, Ye will surely say unto me this proverb, Physician, heal thyself: whatsoever we have heard done in Capernaum, do also here in thy country.

Dr. Hunt has spirited the body to accomplish all spiritual works. An example of this was when his doctors were able to fulfill the word, "Physician, heal thyself" and on the third day, the doctors were able to witness the manifest healing of Dr. Hunt's feet. The enemy could not defeat Dr. Hunt in battle. Therefore, the enemy resorted in seeking to deceive Dr. Hunt with weight gain that was not of the Lord. The enemy was not successful. He could not claim victory in any matter, because the Christ of God will not accept anything less than the Cadillac the Lord has shown. Just as the head keeps all matters lifted up before the Lord, we, having the same testimony, must keep all matters lifted up unto our lord that we might be shown the perfect will of the Father through the Son. We must hear every word that proceedth out of the mouth of the lord.

The doctors were shown the memorial work of golf and tennis. All did not give their hearts over to the work as they should have. Dr. Hunt had to take up that suffering work because so much place had been given to the enemy. During this time of suffering, the weakness in his body was such that he could not physically play as before, but continued to go to the courts, whether in rain, sun, or storm. Whatever the conditions were, he remained faithful to the tennis and golf ministry. A memorial has been established due to his faithfulness in the work. The work is done and has been sealed. We have received newness of life and the mighty, mighty, mighty deliverance of God has been realized in the body, the Church. When Dr. Hunt gives a word, he watches over that work to perform it. God has a Kingdom that he has given to his son, Dr. Hunt which God called to be 1) built and 2) maintained. Dr. Hunt was shown at the beginning of the golf ministry that he would be met with resistance. One of the brothers made a decision not to submit to the golf work. Dr. Hunt had

to bear the weakness in his body for the Church to come to the measure of the stature of the fullness of Christ. The Lord's Christ was the only one that could bring us to this point, thus watching over his Word. The work of remodeling Dr. Hunt's whole body, not just the feet and legs, is so that the physical body may be put to rest and the spiritual body, the Church, might be empowered. The watchfulness of the Lord's Christ is required that we, the Church, not miss any aspect of the work.

The Lord showed another aspect of the work of the doctors was a redeeming effort. Just as the pastors, being the next of kin of Adam, had to redeem that which was given up, there was a redeeming work for the wives to do as the next of kin of Eve so the marriage of the Father and Son might be evident in the New Earth through the husband and wife.

Of late, Dr. Hunt has been challenged in his normal sleep pattern. God was teaching him it is not about the normal level of sleep but the higher level of sleep. The bed is not his sufficiency, but the Spirit is. He now understands the quality of spiritual sleep that he gets, whatever the amount, is sufficient for his body to function.

Thus speaks the Christ of God.
