

Madison/Tallahassee Ministry

The Lord blessed the City of Madison greatly by the presence of the people of God. The Unity House is continually receiving the blessings of the Lord, as they are manifested by way of many, many ministries taken up with the people that He sends here. Truly, He makes me to know that they are His people.

The Lord has me to have a "Welcome Tea" to greet the guests and to tell them my story. This was birth of the Lord to address the many questions about choosing Madison. The Lord has ministered to many guests concerning "my story" and they are able to see that it is "my ministry." They have even acknowledged as much.

The Lord blessed me to prepare a wonderful meal for the Munroe family and ministry was taken up during that time. After touring the house, I was shown that all was well. For that I do thank God. The Munroe's have been such a blessing in taking care any work that needed to be done, as well as a financial blessing.

Communication was made with Audrey and Brent. They were in route to California, where her husband's family lives. Kawachi and family were not available; they were in Orlando with his wife's family.

However, the Lord gave favor in having Bro. Brent communicate to Pastor Leland the need to move forward on the Lord's word in teaching him the things of the spirit. Pastor Leland was in full agreement and did receive us in Sunday School that Sunday morning. The Lord ministered mightily to the people, as the Sunday School teacher was bring up topics from the bible, the Lord had Pastor Munroe to boldly declare the Word of Truth unto the people. Most had not heard it on that order before, but the Lord but agreement in them. Pastor Munroe was able to go forth as the Lord's Christ rightly dividing the Word. He taught Jesus is very Christ and how the people of God hearts did burn within them, as they received. Many questions were asked and many spiritual answers were given. Truly, the harvest is ripe!

The Lord showed that He was pleased with Pastor Munroe's delivery and it was confirmed by the people. The Lord also showed that He was pleased with Pastor Leland in receiving the man of God. Plans are now being made to start the work via a week-end retreat with Pastor Leland and his leaders.
