

## Water's Edge Testimony

For the last few months, I have been very busy with one project after the other, in conjunction with the on-going Bed and Breakfast ministry. This past weekend, I had two deadlines to meet. He blessed me exceedingly with the first one, which took place on Friday (a glorious work unto the Lord), with a business plan that the Lord blessed me to write for a client from the South Florida area. He came up for the presentation of the plan, and for the submission of it. However, the second project was due on Monday of this week to Bibb County Courts. I perceived to have completed six months and had become stuck on the seventh month. I had been crying out to the Lord for His mercy and His wisdom for several days. However, on Saturday, He gave me the answer that I had requested.

The Lord showed me that He had not given me favor in this project because I had let the Water's Edge ministry slip. Not even realizing it, I had actually forgotten about that ministry. I was so very, very busy doing other works, as well as new ministries that He has given me that I neglected the Water's Edge and the Park Ministries. He showed that He was not pleased with that. He showed that I had to go back to my first works (Waters Edge/Park) and re-do those works. I quickly put down my pen and prepared myself for those ministries. As I walked about the Lake, the Lord brought up repentance in me and He had me to lift those ministries up to Him that He may perform them through me that I not slip again. He also showed that no matter how much that I have to do; He will always grace me to do it all, as I seek Him to do so. His word says: "There hath no temptation taken you but such as is common to man: but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it." 1Cor. 10:13 The Lord calls for faithfulness in all my house. Because He had given me new works, it did not preclude me from all of the previous works that He has given.

Later that night, the Lord's mercy was manifested unto me. I was able to complete the work and had it ready for submission on yesterday. The Lord showed how He will withhold His favor unto us when we do not walk steadfastly in works that He has called unto us. He also showed me that He would not let His word slip in me, because He knew that my hearts was given over to Him. As was spoken in Sunday service, God will not allow one to fall that He has raised up and yet raising up. Interestingly, the Lord was ministering to me about the Water's Edge Ministry before I had heard about it on Sunday. The Lord showed that I was around the Round Table Ministry in the spirit (as we all are), as He has often shown. Dr. Hunt was teaching me those things that were ministered around the table. In this case, even before the manifest work was done on Sunday.

In closing, the Lord showed that we must take works of the Lord seriously; we must be about the Father's works (all of His works), not one should slip!
